REPORT FROM THE ANTI-RACISM/PRO-RECONCILIATION
INITIATIVE OF THE CHRISTIAN CHURCH (DISCIPLES OF CHRIST)

RECEIVED by the General Assembly

Background Information

The Anti-racism/Pro-reconciliation Initiative is a process of long-range transformation for the Christian Church (Disciples of Christ) put forth by the Steering Committee for the Process of Discernment on Racism. The Administrative Committee and General Board approved the initiative in July of 1998.

How will your office contribute to the transformation of the Christian Church (Disciples of Christ) called for by the Vision?

The Christian Church (Disciples of Christ) has evolved as a new possibility for Christian community. Under the practice of open membership our only test for fellowship is confession in Jesus Christ as Lord and Savior. While inclusive membership is our tradition and practice, we have not yet lived into the full embodiment of that inclusivity which God intends. In fact, many of our practices, polices, and traditions exclude people of color – intentionally and unintentionally. Oppressive theologies and ideologies developed at a time of U.S. colonial expansion and paternalism have made our mission of witness suspect. The sin of racism continues to limit the ministry of the church, impairs and damages its witness, fragments and divides its community and burdens its soul which is the very core of the spiritual life.

The Anti-racism/Pro-reconciliation Initiative is founded upon the need to make visible God’s beloved community. It invites the church to listen to the once silenced voices of its racial ethnic communities, to learn from their wisdom and to gain insight from their leadership. It calls the church to discernment and prayer, to study of the Scriptures and reflection, to dialogue and table fellowship. Through these disciplines our SPIRITUALITY will be transformed, strengthened, and deepened, resulting in a community that understands its mission to be about bringing justice and salvation to the world.

TRUE COMMUNITY, however, is attained only when mutual accountability, respect, honesty, compassion, justice, welcome and hospitality are extended to all and experienced by all members of the community. TRUE COMMUNITY will not be realized in the Christian Church (Disciples of Christ) until it is liberated from the deep historical racist roots that were inherited from American culture and which limit its possibilities.

The Anti-racism/Pro-reconciliation Initiative calls the church to be a place where brothers and sisters of all races, languages, and cultures will grow towards God’s glorious realm, where all have
a place at the table and none shall be turned away. It seeks to build TRUE COMMUNITY by working to dismantle the pervasive evil of racism that keeps the community broken and fragmented. It seeks to re-constitute the table into a place where healing, remembering and reconciliation take place.

By challenging our communion to practice faithfulness with regard to the elimination of racism, which exists in all manifestations of the church, to discern appropriate responses to address the sin of racism, to develop strategies to eradicate it, and to work toward racial reconciliation the Anti-racism/Pro-reconciliation Initiative is fostering a PASSION FOR JUSTICE within the community. The eradication of the systemic, institutional, cultural and individual manifestations of racism from the Christian Church (Disciples of Christ) will result in new understandings and possibilities for JUSTICE to be experienced by all.

Finally, for purposes of information we include the following action in this report. The General Board meeting in Indianapolis, April 21-24, 2001 adopted a resolution entitled: An Apology from the General Board of the Christian Church (Disciples of Christ) to Americans of African descent.

WHEREAS, we fervently believe in the essential dignity and worth of every human being; and
WHEREAS, we believe God loves every person as a dear and precious child; and
WHEREAS, any act or attitude or institution which diminishes any person’s divinely-intended right to a full, free, productive and peaceful life is clearly contrary to the will of God; and
WHEREAS, the institution of slavery is unquestionably evil and abhorrent to God; and
WHEREAS, many religious communities in the United States including the Christian Church (Disciples of Christ) failed to work or speak against the institution of slavery in the United States, a wicked apathy which permitted and resulted in untold suffering among the African people kidnapped by evil people and “sold” to Americans to labor without compensation and often subjected to inhuman persecutions by their white owners; and
WHEREAS, the effects of these injustices have continued to subject the descendants of those Africans to an endlessly continuing mind set which perpetuates the unfair, unjust and sinful system of prejudice and racism; and
WHEREAS, Christ has called the church to be an instrument of his reconciliation;
NOW THEREFORE BE IT RESOLVED that the General Board of the Christian Church (Disciples of Christ) meeting in Indianapolis April 21-24, 2001, confesses the corporate guilt we all share for these evils, and heartily begs the forgiveness of God and of all God’s children whose lives have been damaged or limited by these sins.

We further pledge and promise that we will earnestly seek through words and deeds, as individual Christians and corporately as a manifestation of the church, to demonstrate our sorrow by committing ourselves to lives of continuing humility, healing and love toward all those who still bear the wounds of the continuous and grievous effects of this historic evil.
